Shipping Rates Continental U.S.

Shipping rates vary depending on the type of products ordered and the destination. These are estimated shipping rates for Continental US Ground shipments only. The actual shipping is often less, and we charge only the actual shipping amount, not the estimated rate.

For AIR SHIPMENTS of CPES™, Epoxy Cleanup Solvent, Fill-it Epoxy Filler, All Wood Epoxy Glue, Layup and Laminating Epoxy Resin, and Elastuff 120, UPS requires special handling of these hazardous products and adds a HAZMAT FEE to cover those charges. We only charge you what UPS charges us. At this time, Elasta-Tuff 6000-AL-HS can not be shipped by air.

There is no HAZMAT FEE for UPS GroundTrac shipments.

All shipping and credit information provided to The Rot Doctor™ remains confidential and is retained in our computers only for reorder purposes. We do NOT sell, trade or otherwise reveal any information about our customers.

RETURN POLICY: With the exception of Special Orders, which are not returnable, all new returns (unopened, undamaged) and refused deliveries are accepted within 1 year of purchase and are subject to a 10% restocking fee. Shipping fees are non-refundable. NOTE: CPES, Epoxy Cleanup Solvent, Fill-it Epoxy Filler, All Wood Epoxy Glue, Layup and Laminating Epoxy Resin, Elasta-Tuff 6000 and Elastuff 120 are hazardous products, and as such must be shipped by someone trained in Hazardous Shipping Procedures. For returns on ANY of our products, please contact us for instructions before shipping.

For your convenience, The Rot Doctor staff will calculate your shipping charges. If you are paying by check, you can call or E-mail us for the exact amount, or use the chart above to estimate domestic ground shipments. If you are paying by credit card, just leave the shipping box blank, and we will add the exact amount to your order. You will receive a copy of the itemized invoice with your shipment.

UPS GroundTrac Continental United States Only

Orders to all Continental US States will be delivered within 1-4* days.

Shipping Options Chart

Below are the options for shipping based on location, expedition, and cost. In addition to the regular rates, any order with a hazardous product (CPES™, Epoxy Cleanup Solvent, Fill-it Epoxy Filler, All Wood Epoxy Glue, Layup and Laminating Epoxy Resin, Elasta-Tuff 6000 or Elastuff 120) may have an additional hazardous handling charge (HAZMAT FEE). Contact us for an exact shipping quote if desired. All orders shipped via Barge or Air will not be shipped without confirmation on shipping charges.

Note 1: Certain zip codes in Hawaii are not serviced by UPS for hazardous materials. These are: 96713, 96729, 96742, 96748, 96757, 96763 and 96770. We can ship to a friend or relative nearby, or to the UPS Customer Counter in Honolulu to be held for pickup. Contact us for more details. Certain areas in Alaska may take longer than the above estimation for delivery. Contact us for a more accurate estimate. Prices vary between Barge Companies. We ship freight collect. Most orders are charged the minimum fee plus an additional charge for handling. Contact us for specifics.

Note 2: Puerto Rico may charge a 5.5% sales tax on all products and shipping costs; see NOTE 6 below for more information.

Note 3: Certain areas of Canada are not serviced by UPS for hazardous materials. Contact us for a list of excluded postal codes or see our website www.rotdoctor.com/order/canadacodes.html. The brokerage fee when using UPS as the broker varies with the amount of the invoice, but usually averages \$25-\$35 USD. The customs duties/taxes run from 5-15%. If ordering sawdust, CA customs charges a \$16.00 CAD Agri Processing Fee. So for example, you have regular shipping rates + \$25-\$35 brokerage fee + 5-15% customs duties/taxes. Our normal method is to have UPS handle payment of these fees that they then charge to us. We can calculate these fees before shipment and will charge them out with the initial order, we will inform you of these fees with the confirmation of your order. To avoid the brokerage fee, you can have your package shipped by Air (Hazmat Fees may apply) or to a nearby point in the US and drive across the border to pick it up. We provide the necessary NAFTA paperwork for Canadian Customs. Contact us for more information if desired.

Note 4: FedEx does not ship hazardous materials to every country, or to all parts of Canada. Please contact us for more information. The HAZMAT fees for shipping FedEx International vary, but are usually no less than \$90. Please contact us for an exact price for shipping FedEx International. *All orders to countries outside the U.S. and Canada must be for a minimum \$800.00 USD worth of product.*

Note 5: Austria, Belgium, Czech Republic, Denmark, Finland*, France*, Germany, Greece*, Hungary, Ireland, Italy*, Liechtenstein, Luxembourg, Monaco, Netherlands, Norway, Poland*, Portugal*, Spain*, Sweden*, Switzerland, United Kingdom* (including Northern Ireland), and Vatican City are serviced by UPS. *All orders to countries outside the U.S. and Canada must be for a minimum \$800.00 USD worth of product.* *Limited service area--see our website for a list of exclusions.

Note 6: Brokerage fees and customs duties/taxes vary. As we are unable to determine these in advance, they are normally charged to your credit card after we are billed by the shipper. As an alternative, you can pay the brokerage fee and customs duties/taxes when the package is delivered, but the package will NOT be left if these fees are not paid. Contact us for more information.
